NEWS ITEMS

Officers Named

Professor P. H. Brieger was elected to the Board of Directors of the College Art Association of America, for three years, at their meeting at Baltimore, January 27th to 29th.

Dr. C. B. Farrar was elected to the Council, for three years, of the History of Science Society. Dr. Farrar was also elected to honorary membership in the Gesellschaft der Gerzte, Vienna.

Dr. Gordon N. Patterson has been appointed a member of the Advisory Aerodynamics Panel of the Naval Ordnance Laboratory, Washington, which controls the most extensive supersonics facilities in the United States.

Professor R. E. Barrett has been appointed a member of the executive committee of the Toronto Branch of the Canadian Institute of Mining and Metallurgy.

Conferences Attended

Professor F. C. Auld recently spent a week as the guest of the Prince Edward Island Bar and addressed their annual meeting at Charlottetown.

Dr. Gordon N. Patterson recently presented a paper in New York before the Fluid Dynamics Division of the American Physical Society on the theory of the shock tube and was the guest speaker at a symposium on supersonic aerodynamics at Johns Hopkins University.

Professor V. G. Smith and Mr. Gordon R. Slemon attended the Mid-Winter General Meeting of the American Institute of Electrical Engineers in New York in late January. Mr. Slemon presented a paper entitled "Radio Influence from High-Voltage Corona."

Professor K. B. Jackson and Mr. J. J. Klawe attended the annual meeting of the American Society of Photogrammetry in Washington in mid-January.

Dr. George Sinclair attended a meeting of the Technical Committee on Antennas of the Institute of Radio Engineers in New York in January at which the new Standards on Testing Methods prepared by a group under his chairmanship were reviewed.

Professor P. M. Corbett presented a paper on "The Improvement of Working Properties of Local Shales" at the recent annual convention of the Canadian Ceramic Society in Hamilton.

Professor W. J. McCurdy attended the National Executive of the National Council on Religion in Institutions of Higher Learning in U.S.A. and Canada at Yale, February 6th and 7th.

Professor T. A. Goudge read a paper on "The Concept of Verifiability" at the American Philosophical Association (Eastern Division) at University of Virginia, December 28th to 30th.

Lectures Given

Dr. K. G. Gray delivered a lecture on "Legal Problems in Industrial Medicine" to the Industrial Medical Association of the Province of Quebec at Montreal on January 28th.

Professor Robert A. Rosevear spoke on February 3rd to the Humberside Collegiate Home and School Association on the subject of Instrumental Music.

Mr. D. F. S. Thomson of University College gave a paper on "Catullus and Burns" at the Toronto Classical Club on February 24th.

Dr. S. A. MacGregor has recently given postgraduate courses in Pedodontics to groups of dentists in Regina, Lethbridge, Red Deer, Edmonton and Saskatoon. He also lectured to three groups and gave a radio broadcast in Youngstown, Ohio, on Children's Dental Health Day.

Mr. Farrell C. Toombs lectured on "Looking at the Commonplace to Understand the Human Organization of Industry" in a series arranged by the new Industrial Relations Centre at McGill University on January 26th, to a group of representatives from Montreal industries. Mr. Toombs also spoke to a meeting of the Toronto branch of the Ontario Association of Social Workers on February 16th, on "Counselling in Industry."

Professor Marcus Long lectured to the Women's Current Events Club on "An Episode in the War of Ideas," on February 8th. Professor Long also addressed the Central Group of the Dental Association on January 27th, and spoke to the Hamilton branch of the United Nations Association on February 25th.

Staff Notes

Dr. Sidney Smith addressed the annual dinner of the Ontario Crop Improvement Association at the King Edward Hotel on February 9th. Dr. Smith also gave the address which officially opened the new Leaside High School on February 16th.

Dean W. P. M. Kennedy of the School of Law retires on June 30th and will be honoured at a farewell banquet at the Crystal Ball Room, King Edward Hotel, on March 17th at 6.30 p.m. Tickets may be obtained from the Secretary of the School of Law (MI 6611, Local 173).

Professor Harry U. Ross has been awarded a Nuffield Travelling Fellowship in Extraction Metallurgy for the coming summer and expects to visit Norway and Sweden to study their iron and steel industries. He will also visit steel plants in England and attend the Fourth Empire Mining and Metallurgical Congress in London and Oxford in July.

Professor G. de T. Glazebrook resigned from the Department of History at the end of the Michaelmas term. He has accepted an appointment in the Department of External Affairs in Ottawa and is at present on loan to the Department of National Defence.

Dean Sir Ernest MacMillan will be guest conductor of the Indianapolis Symphony Orchestra on March 5th and 6th.

A week-end workshop on "The Case Work Process" was offered in Kingston in February by Professor Eda Houwink of the School of Social Work. Seventy persons attended.

Professor E. A. Bott, who is consultant on Aviation Psychology to the Defence Research Board, Ottawa, recently visited Washington and a number of American universities, accompanied by an R.C.A.F. officer, to confer upon personnel training and research programs now being developed jointly by defence services and universities in the United States.

Faculty and Departmental Notes

The Department of Italian, Spanish and Portuguese announces a donation of ten scholarships, presented by Senor J. M. Castro-Rial, the Spanish Consul, to enable students and teachers at this University to study in Spain this summer. The scholarships consist of free tuition and room and board for the duration of the course. It will be possible for some students to enrol in the Universities of Madrid, Barcelona or Malaga for a two months' course, although the scholarships will be principally for a course of one month in the University of Santander.

The second Union Winter School, organized by the Canadian Congress of Labour in co-operation with the Institute of Industrial Relations, was held at Ajax in the week ending February 5th. There was an enrolment of 130 students, officers of union locals or members of the international, national or regional staffs of unions, from coast to coast. The President and A. R. Mosher spoke at the opening ceremony on January 30th and Pat Conroy spoke at the closing ceremony.

Faculty Housing—An Appeal

Nearly a year ago an emergency committee brought to the attention of the President the large number of the University staff who were inadequately housed, involving in many cases serious distress. During last summer excellent work was done by the S.A.C. Housing Service in finding housing for those most seriously in need. This gave some alleviation, but the problem of finding "married" accommodation is a continuing one. The Housing Service has agreed to continue to help; it invites those in difficulty to register their needs and will actively seek appropriate accommodation. In performing this task it seeks the assistance of the whole staff.

Will all members of the staff who have, or who know of, housing accommodation for sale or rent please make a point of registering it with the Housing Service, so that it may be made available first to any colleagues to whom it may be suitable. The situation is urgent. The Committee Representing the Teaching Staff urge members of the staff to co-operate in this way. Write or telephone Mrs. Richards at the Housing Service in Hart House, Midway 5840.

The Library

The following is a list of new titles added to the periodical index in the library since January 15th, by subscription:

Accounting Research

Acta Orientalia

Food for Thought

Gallia

American Society of Oral Surgeons. Bulletin
